

NOTE: Full Time U16, U19 or PG: all van fees are included in your program fee.

The van fee is also included in the Lights on Chute program fee so there are no additional van charges for LOC.

Van Fee System:

- Everyone wishing to use the van will need to open an account. You may open an account by writing a check to EMSC or going to the web site, www.emsc.lertprograms.com, clicking on the Van tab at the top of the page and clicking on the Deposit Money to Van Account button which will take you to paypal. Each family only needs one account not one for each athlete.
- Every time an athlete uses the van their account would be debited for the dollar amount for the location – see below for current fee structure.
- Attendance will be taken every day for the vans. The office will collect attendance sheets from the vans on Mondays for the previous week/ weekend and update the Van Accounts spreadsheet so families know what their balance is and can add to their account when needed. The office will also send out emails to families with negative balances on Monday and they will have that week to add to their account.
- We will still be using the sign up genius to reflect the number of athletes we have going to training, races or LOC. This also helps us know how many drivers and vans we need.
- EMSC would suggest starting your account with \$250 or more if you have multiple athletes that will be utilizing the van. If, however, you feel you will only be using the van a couple times throughout the year put less money in your account. Just note last year we had 8 days of early training at Loveland, which would be \$160 in van fees before Eldora even opened. Any money left at the end of the year could be carried over to the next year or refunded.

- If there is a negative balance for more than 1 week, athletes will not be able to utilize the vans until the balance is paid and there is money in their van account.

Van Fees:

Van Fees 2016-2017

Location	Fee
Loveland	\$20
Winter Park	\$30
A-Basin	\$30
Breckenridge	\$35
